**SUBJECT:** Spending Affordability Guidelines for the FY 2007 Aggregate Capital Budget

**Background**

1. Emergency Bill 29-91 established a procedure for setting the Spending Affordability Guidelines for the aggregate capital budget, as required by the amendment to Section 305 of the Charter which the voters approved in November 1990. This procedure was amended by Emergency Bill 31-97, which reflects the biennial capital improvements program process required by the amendment to Section 302 of the Charter which the voters approved in November 1996.
2. The legislation requires the Council to set six guidelines, which are listed in the Action section.
3. The legislation lists a number of economic and financial factors which should be considered, requires a public hearing before the Council adopts guidelines, and requires that the Council adopt guidelines by resolution no later than the first Tuesday in October in odd-numbered years. A public hearing was held on September 20, 2005.
4. The guidelines reflect adjustments for unprogrammed projects, inflation and implementation rates.
